

## January extended track closures - impacts all lines

View our [service notice](#) for more information.

[Home](#) / [About Translink](#) / [Open data](#)

# Open data

[Print](#)

Translink is committed to the Queensland Government's open data revolution which promotes innovation and transparency.

We share our timing and scheduling data with developers who create innovative tools for our customers. This is the same data we use in [journey planner](#) and [MyTranslink app](#).

If you are interested in using our data, join the [Translink Australia Google Group](#). Please read the [terms and conditions](#) before you get started.

## Schedule data

- The [General Transit Feed Specification \(GTFS\)](#) defines a common format for public transport schedules and associated geographic information
- [Translink's GTFS schedules](#) cover bus, train, ferry and tram services in South East Queensland; and Translink regional bus services.

## Real-time data

- Real-time information is provided in the [General Transit Feed Specification - Realtime \(GTFS Realtime\) v2.0](#) format
- [Translink's GTFS real-time feeds](#) cover bus, train, ferry and tram services in South East Queensland, Cairns, Bowen, Innisfail and Fraser Coast and must be used in conjunction with GTFS.

## RSS feeds

Our RSS feeds provide current status data and service disruptions data:
