## Public transport in Noosa

We know parking can be a real hassle around Noosa, especially in the Hastings St area.

It doesn't have to be every trip, but catching the bus is a great alternative to taking the car out.

We want to help you change some car trips to bus trips, so you can stress less about parking and find more time to relax.

There are several services available that get you to and from local destinations, with buses every 15 minutes between Tewantin and Noosa Heads from 7am to 6pm daily.

The [MyTranslink app](#) shows you exactly when your bus is coming, let's you save your favourite stops and routes, and [plan your journey](#).

## Why do you catch the bus?

There are so many reasons! Read Jill, Michael, and Emily's stories below to discover why they catch the bus.

### Jill's story

*"To avoid the stress of parking in Hastings Street."*

### Michael's story

*"Kids travel free on weekends."*

### Emily's story

*"It's a cheap way to get around."*

## Have you got the MyTranslink app yet?

When you download the MyTranslink app, you can:

- save your local stops and routes as favourites
- see exactly when your bus is coming with real-time
- use the journey planner to find your best travel option and avoid parking.

These great features make travelling on the bus a breeze:

- **Stop alarm** lets you know when you're close to your destination.
- **Trip announcer** gives you announcements for upcoming stops.
- **Receive notifications and alerts** when there are changes impacting your service.

The MyTranslink app is available free to download from the [App Store](#) and [Google Play](#).

For more information, visit [the MyTranslink app page](#)

## Get on board!

Did you know you can save 30% on fares, by using *go* card instead of buying a paper ticket? There are several retailers you can purchase, as well as [online](#). Find the best route and ticket type, plus where to buy and top up your *go* card.

### Where to buy a go card

Catching the bus has several benefits for you and the environment. It gets you more active, and reduces your carbon footprint!

Environmental

- Public transport is at least twice as energy efficient as private cars.
- One full bus produces 377 times less carbon monoxide than a full car.
- One full bus can take more than 50 cars off the road.
- Public transport reduces the reliance on fossil fuel supplies, making public transport at least twice as energy efficient as private cars.

Health

- Walking to and from public transport is a great way to incorporate some extra physical activity into your routine.
- Catching public transport may also improve your mental health. It's less stressful than driving, and you can read, listen to music or unwind on your daily commute.

Financial

- Catching public transport may be up to four times cheaper than travelling in your car. It can also reduce the cost of buying, maintaining and running additional vehicles.
