Translink app

Print 

We're in the process of building an all-new journey planning app. The new Translink app will replace the current MyTranslink app in 2025.

The first launch of the Translink app is an early release version, focused on journey planning.

The Translink app features more accurate travel information, additional planning options and has a new look, feel and functionality. We'll be rolling out more features and designs in upcoming versions, but in the meantime, take a look at the [new Translink app features](#).

Translink abides by the Information Privacy Act 2009 (Qld) when managing personal information. Find out more about our [privacy policy and terms and conditions of use](#).

Download the Translink app for free from the [App Store](#) and [Google Play](#).

Plan

Customise your journey, add an extra stop, modify walking distance and transfers.

Departures

See services that are leaving from your selected location.

Favourite

Quickly see what services are departing your favourite stop and save your frequent trips.
