Accessibility

Print 

Everyone has the right to use public transport and we are committed to reducing barriers for people with a disability when using our services.

Our [Disability Action Plan](#) outlines our continued commitment to making the passenger transport network more accessible for people with disability. It is developed in consultation with our Accessibility Reference Group, which includes representatives from government, industry and disability advocacy groups. The plan is available in audio, large print, Easy Read, video and Auslan formats.
